50 CENTS PER MONTH

CONGRESS PASSED MANY IMPORTANT MEASURES DURING THIS SESSION

Six of These Were Urged By Taft-
regulars and Their Allied Opponents
Both Claim Honors For These

WASHINGTON, June 27.—Politicians today are casting balances to determine just what was done at the recent congressional session. The president annual message covered the entire field. The program he recommended included eighteen measures of which six were adopted. The regulars claim credit for everything mentioned in President Taft's recommendations. The insurgents and Democrats claim differently.

The important bills passed were: Railroad rate regulation; postal savings bank; statehood; campaign expense publicity; withdrawal of public lands by the president; tariff board appropriation; establishment of a bureau of mines and mining; use of safety appliances by railroads; issuance reclamation certificates; two bathtubs; regulation of the white slave traffic; agricultural settlement of coal lands.

Congress Statistics

WASHINGTON, June 27.—This session of congress, which quit Saturday, after having spent \$1,074,000.00 of the people's money, has been the wordliest on record. The Congressional Record has already reached 9000 pages and will probably total 10,

000. A page contains more words than the average newspaper column.

Figuring that only 6000 pages were devoted to speeches and debates, the other 4000 to records—the statesmen uttered a mere matter of 10,800,000 words during the session.

Bills introduced in the house during the present session numbered 27,065 and in the senate 8800. Thousands of these were pension and private claim bills. Of those intended for the public good, 136 house and eighty-three senate bills have become laws.

Three treaties of no great importance have been ratified by the senate, which also confirmed 10,800 appointments by the president. This number is also a record.

Deaths since the last session of congress included Senators McLaurin, Mississippi, and Johnson, North Dakota, and Representatives Grigg, Georgia; Lovering, Massachusetts; Perkins, New York; De Armond, Missouri, and Lassiter, Virginia.

NISSON IS CANDIDATE

North Main Street Rancher to
be Democratic Nominee in
First District

M. Nisson of North Main street is a candidate for the Democratic nomination for supervisor of the First supervisory district. G. Y. Pyeatt this morning began circulating Nisson's nomination petition. The First district comprises all the wards of Santa Ana except the fourth.

Nisson agreed to run only after he was shown that no other Democrat wanted the place. For many years he was a director of the Santa Ana Valley Irrigation Co. His opponent in the Republican party will be the winner of the H. E. Smith and Phillips fight.

GARFIELD LAUDS INSURGENTS WORK

Declares They Made Changes
in Measures That Made
Them of Value

CLEVELAND, June 27.—Declaring that the insurgents are responsible for all good legislation affected by Congress, ex-Secretary of the Interior Garfield today discussed the treatment the conservation measures received during the late session.

The Ballinger withdrawing bill was inadequate as presented he said. The bill presented by the National Conservation Association as substitute was adopted, but according to Garfield contained a clause permitting mining claims to be registered on water power sites, providing a constant menace. The rate bill introduced, he said, was also inadequate, and the requirements of these bills was met by changes enforced by the insurgents.

DIAZ CHOSEN AS PRESIDENT

Ramon Corral Will be Running
Mate—No Disorders in
Election

MEXICO CITY, June 27.—The election of Diaz as president and Ramon Corral as vice president, taking place yesterday, will be formally ratified by the Chamber of Deputies on July 10.

Diaz's re-election was unopposed. Contrary to expectations there were no disorders.

Owing to the president's advanced age his supporters believe this to be his last term. It is predicted that Felix Diaz, Porfirio's son, will be appointed governor of Vera Cruz and that in 1916 Corral will seek the presidency and Felix Diaz the vice presidency.

Troops to be Recalled

NOGALES, Ariz., June 27.—The border is quiet today following the Mexican elections. The troops sent by the governor to the border states will probably be recalled tomorrow. No disorder was reported.

ROOSEVELT NOT TO BE OPERATED ON

NEW YORK, June 27.—Dr. Waller Chappelle has denied the report that Col. Roosevelt will be operated upon today at Manhattan Hospital.

The report was circulated here and distributed by news agencies, that the Colonel would be compelled to submit to an operation to remove a growth in the throat.

OYSTERBAY, N. Y., June 27.—Col. Roosevelt today personally supervised the unpacking of the trophies of his African hunt. This occupied the greater part of his day. The Colonel is going to Cambridge tomorrow to attend the Harvard commencement exercises.

DESPERATE MAN IS KILLED IN GEORGIA

W. H. Bostwick Killed Police
Chief, Sheriff, and Wound-
ed Three Deputies

OSCELLA, Georgia, June 27.—After killing Chief of Police Davis, Deputy Sheriff Field, and wounding Deputies McInnes, Tucker and Bass, W. H. Bostwick was killed today in his home where he barricaded himself and resisted arrest for twenty-four hours.

The officers were seeking to arrest Bostwick after the men who had furnished bonds on Bostwick's answer to a charge of attempt to murder, had withdrawn.

Bostwick's four small children were in the house during his battle with the officers. The governor had sent militia to aid in the capture of Bostwick.

SOLONS SAY GOOD BY TO PRESIDENT

Taft Kept Busy Shaking Hands
—Cannon "In Hands of
the Majority

WASHINGTON, June 27.—The White House executive offices were filled with representatives and senators paying their respects to President Taft before leaving for their homes. A continuous stream passed through the opos all day and the president was busy shaking hands and saying goodbye.

Cannon Don't Know
"The motto of those planning to make hare pies should be 'first catch your hare,'" said Speaker Cannon to day discussing the probability if his candidacy for the speakership at the next term of congress.

"I may be dead when the next session convenes," he said, "but if I'm living I'll be in the hands of the majority. There has been much harping about 'Czarism.' It will be up to the majority whether I am speaker again or not."

AMERICAN WILL BE COURT MARTIALED

Believed Madriz Will Sentence
Pittman to Ten Years of
Prison Life

BLUEFIELDS, June 27.—William A. Pittman, the American engineer captured by the Madriz forces in the battle at Bluefields Bluff, was court martialed today and convicted of conspiracy against the Nicaraguan government. Probably he will be sentenced to at least ten years imprisonment.

The Washington authorities will be asked to interfere in the execution of Pittman's sentence on the grounds that the sentence is virtually for life. Pittman incurred the hatred of authorities because of his activity in behalf of the revolutionists. The act for which he was arrested was the construction of a mine near Bluefields which exploded, killing scores of Madrizites.

DR. GEORGE HALE GETS SECOND SCIENCE HONOR

PASADENA, June 27.—Word has been received here that Dr. George Ellery Hale, director of the Carnegie Solar Observatory on Mt. Wilson has had the appointment as corresponding member of the Imperial Academy of Sciences, one of the greater scientific institutions of Europe.

This is the second honor accorded Dr. Hale this year. A few months ago he was made foreign secretary of the National Academy of Sciences to succeed the late Professor Alexander Agasiz of Cambridge, Mass.

MAN RIDING MOTORBIKE STRUCK HORSE

L. D. Hayes in Hospital Has
Concussion of Brain Result
of Fall on Pavement

CROSSING DARK CRASH OCCURRED

Morse's Horse Knocked Down
—No Lights on Motorcycle
Is Decided Menace

L. D. Hayes, a motorcyclist, collided with a horse at the corner of Sixth and Main streets last night, and received injuries from which he was unconscious until this morning. He is suffering from concussion of the brain. It is believed that his injuries are not permanent.

Hayes was riding a new motorcycle, and had been at Orange. He was returning, going south on North Main street, when the accident occurred. Eye-witnesses say that he was not going over fifteen miles an hour. His engine was off. There is no light at the corner of Sixth and Main.

H. Morse of East Seventeenth street, was driving east on Sixth. In the surrey with him were Mrs. Peterson and Mrs. Randall, mother of G. H. Randall. As he approached Main street, the driver saw two automobiles coming from the north, each bearing lights. Mr. Morse stopped his horse, and waited until the automobiles had gone by, and then, hearing no sounds and seeing no lights, he started across Main street. The horse was struck on the forelegs, and was thrown to the pavement.

The motorcyclist passed under the animal's neck, and was picked up unconscious several feet south of the horse, which quickly regained its feet, and but for a few bruises, is none the worse for the accident.

Mr. Morse and by-standers hurried to the fallen man. Louis Bushard in his automobile, took Hayes, who was unconscious, to the Santa Ana Hospital. The young man received a heavy blow on the back of the head and another in front, as though he had rolled. Not until this afternoon did Hayes begin to regain consciousness.

The accident of last night has started many people to renew demands that motorcyclists be made to carry lights on their machines, according to the state law. Out of the many motorcycles in this vicinity, but a very few carry lights.

THEODORE JR. AND BRIDE ARE COMING

SANTA BARBARA, June 21.—Theodore Roosevelt, Jr., and his bride, who was Miss Eleanor Butler Alexander, arrived today from San Francisco and went immediately to apartments reserved for them in Montecito suburb. Roosevelt refused to be interviewed. He merely stated that they were enroute to Los Angeles, which will be their head quarters during their tour of Southern California.

STRIKERS HOPE FIGHT MAY BE WON

Portland Steel Men Go East to
Seek Non-union Men for
Their Plant

PORLTND, Ore., June 27.—James C. Ball, secretary of the Willamette Steel Co., whose immense plant is tied up because of a strike, started east today to endeavor to bring hundreds of non-union metal workers and their families to the coast.

The strikers believe this indicates weakening by their employers and believe their fight will be successful. Employers have declared they will not grant the demands of the strikers.

AUTHORESS' END HURRIED BY GRIEF

Mrs. Elizabeth Backman Brokaw, Formerly of Olive, Dies Today

PASADENA, June 27.—Estella Backman Brokaw, author of the "Soul of the World," died today of paralysis. Mrs. Backman and her husband, both single tax advocates, were engaged in writing a single tax treatise, "The Equity," a year ago, when their eight-year-old daughter died from starvation, according to physicians. The mother brooded over the daughter's death. This hastened her own end. She had been living at Olive, Orange county.

TRAIN ROBBED BY BOLD THUGS

Desparadoes Locked up Train-
men and Rapped Passen-
gers on the Head

LAKESIDE, Utah, June 27.—After a terrific struggle Special Agent Jones of the Oregon Short Line, is satisfied this afternoon that single-handed he has captured three men believed to be the bandits who robbed the Oregon Short Line train early today. The men are being held pending the arrival of the members of the train crew who will attempt identification of the men.

Robbers Were Bold

SALT LAKE, June 27.—After overcoming the crew of the Oregon Short Line train No. 7, attacking the passengers and relieving them of their valuables, three bandits broke into the Wells Fargo express car, gathered loot and fled.

The robbery occurred at 2:30 this morning. The train was under full speed when the bandits appeared. They locked two trainmen in the lavatories when they attempted resistance. Several beligerent passengers were rapped on their heads with butts of their revolvers.

A special train has started from here for the scene, carrying officers. The Salt Lake special carried Chief Special Agent Jones. It started upon receipt of word from Brakeman Frank Lind, who escaped from the train and ran to a farmhouse. Armed posses are trailing the robbers from Brigham City to Ogden.

OGDEN SHERIFF AND POSSES ARE AFTER TRAIN ROBBERS

OGDEN, June 27.—Sheriff Wilson and a posse of deputies are trailing the Oregon Short Line train robbers in an automobile. The robbers escaped in a buggy with their loot.

NONE ABLE TO IDENTIFY BODY OF DEAD BANDIT

LYNN, Mass., June 27.—Thousands are viewing the body of the bandit slain by a posse following the killing of John Landigan, a shoe manufacturer, and Policeman Carroll, but are not able to identify it. The funerals of Landigan and Carroll were held today.

Emily West, aged 14, daughter of G. R. West of 1007 Riverine avenue, was injured in a collision with an automobile driven by J. E. Melvin of Tustin on East Fourth street Saturday evening. The girl's collarbone was broken. While bruised her injuries, otherwise than the fractured bone, are slight. Had the automobile been a heavy machine the girl doubtless would have been much more seriously hurt.

The bicycle and the automobile were going toward the west, the bicycle in front, both on the right side

ROBERT TAFT RUNS DOWN MAN WITH AUTO

Have Been Fatally
Injured

PRESIDENT'S SON IS NOT BLAMED FOR ACCIDENT

Man Stepped in Front of Taft's
Auto to Avoid Being Hit
by Another Car

BEVERLEY, Mass., June 27.—Robert Taft, eldest son of the president, while automobilizing, ran down and probably fatally injured Michael Thistwolk, an Italian. The bystanders declare young Taft was not to blame.

George Garrison of Washington and Randall King of Minneapolis were in the auto with Taft. They were riding slowly at Prides Crossing, which is being repaired. Thistwolk, crossing in front of Taft's car, attempted to dodge another auto approaching from the opposite direction, stepped before Taft's auto and was thrown to one side. He was severely cut and his skull is believed to be fractured. He admitted that he stepped in front of Taft's car.

RAILROAD RATES SUIT DISMISSED

Result of Agreement Made by
Taft With Roads Before
Passage of Bill

ST. LOUIS, June 27.—On motion of United States District Attorney House, the government's suit to enjoin twenty-five western railroads from raising freight rates, was dismissed today. The action of the government in asking that the suit be withdrawn was the result of an agreement between President Taft and the presidents of several railroads, affected shortly before the passage of the railroad rate regulation bill. An injunction restraining the roads was granted at Hannibal, Mo.

of the street. At a point near Porter street, the automobile, going slowly, was directly behind the girl. At the moment the automobile turned to pass the bicycle, the girl turned out, expecting to give the automobile the right of way. The result was that the automobile struck the bicycle.

Melvin stopped his machine within a few feet. One rear wheel still rested upon the girl's body. The machine was rolled along, and the girl extricated. She was taken into the automobile and Melvin took her home. The bicycle was smashed.

SELF CONFERRED MURDERER IS SAFE

New Jersey Authorities Will
Refuse to Deliver Him to
Italy for Trial

NEW YORK, June 27.—Porter Charlton, accused of the murder of his wife, whose body was found in a trunk in Lake Como, Italy, will be arraigned in Jersey City, Wednesday. If found sane upon examination, the Jersey City authorities will refuse to deliver him to the Federal officials, if Italy demands extradition.

JURY IN BRIBERY CASE IS STILL OUT

Rumors Are Varying—Judge to Find Out if Agreement is Probable

CHICAGO, June 27.—Judge McSurley stated that he believed the jury stood ten to two, but refused to state whether for conviction or acquittal. The court denied that several jurors were involved in a fist fight in the jury room. He decided that if there was a prospect of a verdict he would hold the jury until four this afternoon, if there was no prospect he would dismiss soon. The jurors show the strain of long confinement.

CHICAGO, June 27.—The jury in the case of Lee O'Neill Brown, charged with bribery in connection with the election of Senator Lorimer was still out when court convened today. It is reported to stand at eleven to one for conviction. The defense attorneys claim the jury stands eight to four for acquittal.

STRONG DEFENSE AND ENDORSEMENT OF W. M. SCOTT

Committee of the Best Men In Orange County Carefully Investigate and Pronounce Statements of A. I. Stewart Unjustifiable and Misleading

We, the undersigned, have no desire to enter into a newspaper controversy about "Equitable Assessments," but our attention has been called by A. I. Stewart, to an assessment in Volume 7, page 69, Assessment Roll for 1909, and we find as best states, twenty-three oil wells of the Union Oil Co. assessed at \$150 each, making a total of \$3,450.00. We naturally supposed that was about all the assessment of the Union Oil Co., BUT WE FIND ON THE SAME ASSESSMENT THEY ARE ALSO ASSESSED FOR \$15,500 FOR WELLS, WHICH SEEM TO HAVE BEEN OVERLOOKED BY MR. STEWART, TOGETHER WITH OTHER PERSONAL PROPERTY AMOUNTING TO \$71,200. AND AFTER THE STATE RAISE, THE TOTAL ASSESSMENT OF THE PERSONAL PROPERTY OF THIS COMPANY WAS \$106,800.

This looks like a good assessment for the personal property of the company, when the assessment of 1906 was only \$6710. And we find that other large holdings are increased proportionately.

He also calls attention to the assessment of the Pacific Electric Railway, Volume 13, page 76, 1909, stating that the double track in Orange county for the road bed alone, is assessed at \$9000 per mile, while from

taxpayers are bearing an unjust share of the burden of taxation. From a number of individual cases taken at random over the county, WE FIND THAT WHILE THE PRESENT ASSESSOR HAS INCREASED THE TOTAL VALUATION OF THE COUNTY ABOUT \$4,000,000 IN THE PAST TWO YEARS, THE INCREASE OF THE SMALL HOLDINGS HAS NOT BEEN MATERIAL, WITH THE EXCEPTION OF THE 50 PER CENT RAISE MADE BY THE STATE BOARD, WHICH AFFECTS ALL ALIKE.

Therefore we feel impelled to the belief that the bulk of THE INCREASE MADE BY MR. SCOTT'S ASSESSMENTS, HAS FALLEN ON THE LARGE HOLDINGS, who are now nearer paying their proportion than ever before.

After a careful investigation we are convinced that the statements made by Mr. Stewart regarding Mr. Scott's assessments are unjustified and that they are calculated to lead voters into a misapprehension or misunderstanding of the real facts.

PROHIBITION PARTY'S COLUMN

COPY FURNISHED AND EDITED BY AMOS WRIGHT OF PLACENTIA

OUR MOTTO—"Righteousness exalteth a nation, but sin is a reproach to any people."—Prov. 14:34.

OUR OBJECT—The Complete Annihilation of the liquor traffic.

The Wisconsin Boom

To Wisconsin Prohibitionists: At headquarters we are "delighted" by the letters we are now receiving from all over the state.

Men say, "I'll be there." Women write, "I'll be there. Glad to have been in the first political convention to give women an equal voice with men."

Men write, "Wife and I will be there." Women write, "Husband and I are coming." Young men grow enthusiastic as they tell how they are coming. Things are surely beginning to move in Wisconsin.

Men who, six months ago, could not be induced to lift a finger, are now asking for speakers, and offering to help advertise and do all they can to make the meeting a success.

Ministers who had lost their bearings, and men who were badly muddled by the non-partisan work of trying to "respectableize" liquor parties, are getting back upon solid ground.

We are constantly receiving new lists of party Prohibitionists, many of whom have been unknown or have kept in the dark; and the rebaptism of many is evidenced by pledges for

our state work.

Where, a few months back, men thought it was useless to attempt to put up a party ticket, they are now suggesting names for candidates and asking for information as to how to proceed under the primary law.

It is remarkable what a change is wrought in a man, the moment he begins to believe in a Prohibition party and to think sanely and clearly along political party lines—begins to see the waste and uselessness there is in non-partisan half-way measures.

Chafin and Stewart have given us a big boost. Chafin is coming again. Sizer is to take the field next week. Secretary Taynton is out a part of each week clearing men's political thinking. Cork is working and singling and nailing down a lot of fellows. And the state chairman is helping in both the political field and some red hot legal saloon fights.

J. BURRITT SMITH,
State Chairman.

Madison, June 4.
Ohio's Convention

To County Chairmen, Secretaries and Other Workers:

One of the most important meetings of the state convention will be that held at 10 o'clock Tuesday morning, June 21, in the Memorial Hall, Zanesville, Ohio. The object of the meeting is to discuss such practical themes as: 1. State and county organizations; How they may be more effectively co-operate. 2. How best to form a complete county organization. 3. Should every county nominate as full a ticket as possible.

Every one who expects to attend this conference is requested to give these subjects careful thought so as to be able to make the most helpful suggestions possible. This may be one of the most valuable sessions of the convention. Let every county be represented and let each one be ready to take some part and make suggestions that will be helpful in preparation for the campaign.

Important Kansas Matters

To Kansas Prohibitionists: June 22 is the last day for the filing of nomination papers with your county clerk. Have you secured the nomination of a Prohibition ticket in your county? If not, there is yet time to nominate candidates and get their names on the primary ballot. This work is the most important that can be done for our party in Kansas at this time. We must begin to "do" politics if we ever expect to accomplish results in Kansas.

If you are not familiar with the details of the primary law, see your

county clerk and get busy.

Bear in mind that it takes money to run a campaign. We need more this year than we have ever had before; and we hope to raise and expend \$5000 during the six months intervening between our state convention and the election. Our work will be limited only by the amount of our available funds. Every Prohibitionist in the state ought to give his share, and do it without personal solicitation.

Brethren, let's take hold of the job as though we meant business, give liberally, conduct the campaign as though we meant to win, and we will see results in November.

Yours for placing Kansas in the first rank.

EDWIN C. HADLEY,
State Chairman.

Kansas City, Kansas.

Mills, Cheered, Calls for More

To the Prohibitionists of West Virginia:

Reports received at headquarters are of the most encouraging character. Our band of loyal men are more determined than ever to continue the battle against the liquor traffic, until the Prohibition party becomes the dominant and ruling force in the state of West Virginia.

To make this possible, great sacrifices must be made, and more and larger contributions should be given. The liquor traffic is willing to pour its wealth into the treasures of the old parties, fully realizing that these organizations are mercenary and are perfectly willing to protect distillers, brewers and saloonkeepers. The Republican and Democratic parties, in their greed for spoils, will go to any length to protect the liquor traffic, provided the liquor men will furnish large campaign contributions and vote for the nominees of these corrupt organizations. These men have dollars to give where we have only cents. Notwithstanding this fact, a large majority of our voters who are perfectly able to contribute to our party work have never made any contributions to our cause. Let us be liberal and make it easy to do the work necessary in all parts of our state.

Every one who expects to attend this conference is requested to give these subjects careful thought so as to be able to make the most helpful suggestions possible. This may be one of the most valuable sessions of the convention. Let every county be represented and let each one be ready to take some part and make suggestions that will be helpful in preparation for the campaign.

Important Kansas Matters

To Kansas Prohibitionists: June 22 is the last day for the filing of nomination papers with your county clerk. Have you secured the nomination of a Prohibition ticket in your county? If not, there is yet time to nominate candidates and get their names on the primary ballot. This work is the most important that can be done for our party in Kansas at this time. We must begin to "do" politics if we ever expect to accomplish results in Kansas.

THE "ARIEL"

The High School Ariel is out and it's a beauty. "Finest issue ever published," is the universal verdict voiced by Secretary Ulm of the Merchants & Manufacturers Association, who is certainly a competent critic. This is also the opinion of the school board and faculty and of the boys and girls. Certainly the editorial staff, and especially Editor-in-Chief Martin and Business Manager Warne are to be congratulated. And the Register takes pardonable pride in the publication which is the product of this paper's job printing department.

MONEY

There are some things which money pollutes, and so far as they are concerned "money is the root of all evil." Let us take for instance any kind of sport. Some one of a sordid turn of mind saw an interesting game of baseball. It was not the sport, however, nor the healthgiving features of it that interested him. On the contrary, he saw only the money that could be made out of it, and from that baseball was put on a commercial footing. The gate receipts, and not sport, were the objects. Then naturally it formed a basis for gambling and all the train of evils that follow. The original and legitimate purposes of base ball were utilized to make someone some money, and as a sport it was relegated to the boys on some vacant lot.

Exactly the same can be said of football, with the addition that as generally carried on it is more in the nature of a fight than a sport. It is, however, the money side of it that is chiefly responsible for this. Neither one of these games naturally belong in the commercial column. Money debases and pollutes them by bringing upon them every evil that tends to debase and lower the moral standard.

So it may be said that as long as racing remained "a gentleman's sport" it was proper and tended to cultivate good horsemanship and good horses, but when it fell into the hands of those with whom it was no longer a sport, but a financial proposition, it also became surrounded by, and associated with, the worse forms of vice and iniquity. Its evils became so palpable that the people of this state demanded that they be abated.

The Register thinks the same of "the manly art of self-defense." Boxing as a science, is to be commended in every way. It should be taught in all our schools, not for physical reasons, but because sooner or later any citizen is apt to be driven into a corner where he will either have to defend himself or take a drubbing. Our boys should be taught to avoid trouble to the limit of endurance, but at the same time be prepared in case of need to give a good account of themselves.

But here also comes the dollar hunter and commercializes this one of the most useful and manly sports. Here again money pollutes and pollutes badly. The boxing bout becomes a commercial prizefight that gathers to the ring side everyone who makes his way by his wits without giving adequate compensation. It is under that kind of management and naturally attracts every gambler, pickpocket and thief that can get there. Again, if the Johnson-Jeffries fight is finally brought off, in every city in the United States and Europe thousands of dollars will be lost and won. This money will not in turn go into improvements nor into legitimate commercial enterprises, but will circulate almost exclusively with and help to build up and strengthen gambling halls, dives, the white slave trade, the red-light districts and saloons, and what is left will go to corrupt susceptible officials. It would be a thousand times better that it were withdrawn from circulation and burned up. Were it not, however, for the element of profit the boxing match would take its proper place as a healthful and useful sport. It is a notable instance of the debasing influence of money when turned from its proper channels.

But the limits of this article will not admit of mentioning all the debasing influences of money when deflected from truly commercial channels. It has entered and commercialized society, politics and religion. Not all society, not all politics and not all religion, but enough to do immense

damage to civilization. Were it in complete control, the end of all government would soon be at hand. Here is the struggle that is now before the world, to-wit, to remove the money-spirit from the control of all these things, and leave them to their own natural courses. Here is the key to the whole situation, and until it is properly handled, our progress will be in danger of going backward.

ATTEMPT BEING MADE TO SETTLE BIG MINERS STRIKE

KANSAS CITY, June 27.—An attempt to settle differences between thirty thousand striking miners in the southwestern district and their employers is being made today. President Lewis of the Miners Federation and James B. Elliott, representing the owners, are conferring.

SIX MILLIONS RAISED BY FRISCO FOR BIG SHOW

SAN FRANCISCO, June 27.—Six million one hundred and fifty-six thousand eight hundred and forty dollars! At that figure, in regularly signed subscriptions, the fund of the Panama-Pacific-International Exposition stands now.

This enormous sum has been realized in just two months by a corps of energetic business men at the head of the project to celebrate the completion of the Panama Canal in 1915 by a world's fair in San Francisco.

AMUSEMENTS

All Roads Lead to the Bell

The Bell Theater opens Tuesday night showing the best moving pictures obtainable and featuring that ever pleasing "Reeves Concert Orchestra" and their two pretty girl singers. This is the orchestra which has made such a hit at the old Empire. Manager T. H. Fowler says he believes Santa Ana large enough to support two good picture shows and has spared no expense to make the Bell the most attractive and comfortable of amusement houses.

One of the novel features of the place is a neatly printed program of the musical numbers played throughout the week by the orchestra, and containing advertisements of the leading business houses, in one of which is a mis-spelt word. Prizes are given to the finders of the word. This will no doubt create interest and amusement to the patrons of the "Bell."

Master Francis Edmonds Entertains Royally

Last Saturday afternoon Francis Edmonds was five years old. Invitations were sent out to twelve of his little girl and boy friends to be his guests at a party to the Temple Theater. They were chaperoned by his mother, Mrs. P. C. Edmonds, and four lady friends. Having secured their seats in advance, Manager Roberts had the chairs nicely decorated. Upon the arrival of the party Dr. Roberts met them at the entrance and escorted them to their seats. At the conclusion of the matinee the ladies complimented the management upon the pleasing program given and the manner in which their party was looked after.

LOS ANGELES, June 27.—Representatives of the Union Laborites are today visiting possible sites for a beach tent city which the striking metal workers and brewers contemplate establishing. Almost every beach in Los Angeles county has a prospective site, and the labor leaders believe they will secure one without cost. Agents are also circulating membership cards in the labor party formed at a mass meeting last night and claim to have thirteen hundred signers as the party's foundation.

WILL SELL SKELLY'S LUMBER YARD AT 10 ON JULY 5TH

Sheriff Lacy has set 10 o'clock, July 5, as the time for the sale at auction of the lumber, shingles and fixtures of Frank F. Skelly's lumber yard, at Westminster. There are three judgments against the yard that the sheriff expects to satisfy with the sale of the property. These judgments are for \$490 in favor of the Odd Fellows Lodge of Westminster; \$1078 in favor of the San Pedro Lumber Co., and \$419 in favor of the First National Bank of Santa Ana; total, \$1987, with costs to be added. The sheriff says the property ought to sell for more than the amount of the judgments.

Skelly is in jail awaiting trial on July 18 on the charge of murdering his wife by burning.

WAS ARRESTED FOR SPEEDING MOTORCYCLE

Walter Howell was arrested last night by City Marshal Edwards for fast driving. Howell and three others have recently been making the streets warm, riding four on a motorcycle. Last night Howell was going out East Fourth street at no slow rate of speed. Howell's motorcycle is being held for his appearance. Another member of the quartet is on probation out of the juvenile court and was arrested a few days ago for being in a poolroom.

Just Like a Woman.
A Boston physician was describing a week's drive that he took last fall through some of the most picturesque districts of New England.

"I saw much that was memorable and heard much that was worth remembering on this quiet, bucolic excursion.

"I remember an elderly justice of the peace in a beautiful New Hampshire village near Lake Sunapee. I stayed there all night with this fine, keen old man. He amused me and impressed me with his mordant humor.

"During the evening the question of the unreasonableness of womankind came up for discussion. 'Ah,' said the old justice, 'woman is unreasonable, very unreasonable indeed. In fact, there is no living creature so unreasonable as woman. I remember that my wife and I were talking over our affairs one day, and we agreed that it had come to the point where we must both economize.'

"'Yes, my dear!' I said to my wife, 'we must both economize—both!'

"'Very well, Henry,' she said with a tired air of submission to an unpleasant condition, 'you shave yourself, and I'll cut your hair!'

—Boston Post.

Hymnological Inaptitude.

The story of a minister who held a religious meeting in a penitentiary and aroused the ire of the inmates by announcing as a hymn that one beginning "The dying thief rejoiced to see" is equaled by the tale of a local preacher whose church got in debt not long ago. A congregational meeting was held for the purpose of extricating it, and the chairman of the board of deacons, or whatever the financial body was, got up and stated the situation and ended by calling for a special collection to make up the deficit.

"I suggest that we sing a hymn," one of the members of the church suggested.

This idea was carried out, and the number of the song was announced. A smile overspread many faces, however, when they reached the line, "When we consider part it gives us inward pain."

Nevertheless the "sundering" process was most successful and wasn't particularly painful either.—Louisville Courier-Journal.

Tailed Englishmen.

Natives of southern Arabia believe that Christians wear hats only to hide their horns. Formerly the continent of Europe clung to the conviction that the Englishman's nether garments concealed tail. So late as the reign of Edward VI, according to Bale, "an Englishman cannot travayle in another land by way of marchandise or any other honest occupying, but it is most contumeliously thrown into his tette that all Englishmen have tails." The belief probably arose from the legend of the "Kentish Longtails." The people of either Canterbury or Strood (for the legend varies) mocked at Becket as he rode by on an ass and cut off the ass' tail. Wherefore they and their descendants were cursed with tails thenceforth. At least so said jesters of other countries, and the slander eventually reacted upon England in general. Another version substitutes St. Augustine and Dorsetshire.

Cold as a Cure.

Cold of a certain intensity produces not only hunger, but, as it has been proved, health as well. Raoul Picot, the famous Swiss chemist, was making experiments on a degree of cold considerably lower than any which occurs naturally, and he found that at temperatures between 110 and 150 below zero no covering of any kind would keep cold out, or, more exactly, would keep warmth in. There is nothing surprising about that. The surprise is in the result. M. Picot is a gentleman who has suffered greatly from indigestion. After an exposure of several minutes to the cold which he had produced he experienced a sensation of hunger which he has described as ravenous. When he had eaten he experienced none of the tortures of his affliction, and when he had alternately frozen and eaten three or four times he found himself entirely cured.—London Telegraph.

The Gallant Cabman.

Nothing perhaps produces quite so much wit from a cabman as a sense of being underpaid, which in most cases means that he has been justly paid. A lady who had been guilty of this kind of justice experienced the usual sense of discomfort when her driver straightened the pain into which she had just dropped her stalling and looked at her speechlessly. She was weakly about to add another sixpence when the cabby's sense of humor prevailed. He transferred the shilling to his pocket and smiled sweetly down at his embarrassed fare. "Course, missy," he remarked, "there was the pleasure o' drivin' you!"—London Chronicle.

Arundel Castle.

The most singular circumstance about Arundel castle is that its owner, by mere right of ownership, is Earl of Arundel in the peerage of England. It is believed that there is no similar example of a peerage held on such conditions. Apparently there would be no legal obstacle, were the house of Howard to fall upon evil days and the castle be sold to some millionaire, to prevent the millionaire taking his seat in the house of lords as Earl of Arundel.—London Standard.

A Reflection on Him.

"Quarreled on their wedding day? Dreadful! And what about?"

"The bride's girl friends cried too vociferously to suit the bridegroom!"—Louisville Courier-Journal.

To be vain of one's rank or place is to show that one is below it.—Stanislaus.

—Stanislaus.

THINKS SHE HAS Eloped

Charles Quintana of Tustin is seeking girl who left home during the night

Charles Quintana believes that his daughter, Estella, aged 17, and Manuel Rodriguez, aged 22, of Tustin, have eloped. The girl was in bed at 10 o'clock last night, and that was the last seen of her by any of the family. Quintana has objected to the marriage of his daughter to Rodriguez, declaring that Rodriguez will not work and would not make a living for her were she to marry him.

Quintana reported the disappearance of his daughter to Sheriff Lacy, who telephoned to county clerks over Southern California telling them not to issue the couple a license. Quintana thinks the couple went to Los Angeles, and he took a car there this morning.

Quintana is the same man for the stabbing of whom Manuel de la Fuente is serving a sentence in the county jail.

At Home

The "At Home" of the ladies of the First Methodist church was held Friday at the residence of Mrs. Asa Vandermast. This was the last meeting of the season of 1909-10, and was well attended. Readings were given by Mrs. McElree, Mrs. Davies and Miss Corinne Burns, and a solo was sung by Margaret McElree.

Fruitade and home-made cake were served as refreshments.

Save Times Coupons

Miss Winifred Roberts, who is in the Times scholarship contest, asks her friends in Santa Ana and Orange county to save the coupons in the Los Angeles Times for her.

W. C. T. U. Out Door Meeting

An out door meeting of the W.C.T.U. will be held at the home of Mrs. Lea Warren, 814 Parton street, on Tuesday at 2:30 p.m. This is a mother's meeting and the subject of "Mercy" will be discussed. A good program has been arranged. Mrs. Albert Finley will have charge of the program. All members and their friends are invited. The members are asked to bring a light lunch.

European Letter

A letter from the Santa Ana party now traveling in Europe is printed elsewhere in the Register. It was written by Miss Velda Medlock from Rome, and tells something of how the travelers are being impressed by the sights and scenes of Italy. Mrs. French sends a few words from Florence.

Choral Service

On last Sunday evening the final choral service to be given by the choir of the First Baptist church this season was rendered before an audience filling the church. These choral services have given great pleasure during the year and have been steadily marked by improvement under the leadership of Percy K. Lusk, the organist of the church.

Last evening Mr. Lusk played three solo numbers, besides accompanying. His solo selections were his prelude, the "Poet and Peasant" overture, "The Sea" for an offertory, and Mendelssohn's "Priests' March" as a postlude. All were played with beautiful expression and fine tonal effects.

In the anthems, Lou P. Hickox did excellent solo work, his voice being smooth and well modulated. The anthems were Humason's "Spirit of

God," and Field's "God Shall Wipe Away All Tears." "Love Divine" (Nevin) was well rendered as a duet by Miss Emmeline Petersen and Mrs. Harris. The quartet, "Softly Now the Light of Day" (Nevin) was sung by Miss Petersen, Miss Alexander, I. W. Van Cleave and L. P. Hickox. Dr. Garnett gave a stirring talk on "Roosevelt's Religion," emphasizing his energy, his desire for a "square deal" and his courage as essential parts of the religion of the great American who is proud of the "little dutch church" to which he belongs.

Farmers' Club

Conducted by the vice-president, Mrs. W. L. Grubb, the Farmers' Club had an unusually pleasant evening last Saturday night at the home of Mr. and Mrs. G. W. Wilcox, on North Main street. The evening was largely social, the only technical feature being the reading of a paper on "The Organization of Farm Institutes" by Mrs. A. D. Bishop. The salient points of the paper were discussed by A. D. Bishop and C. F. Bennett.

A piano duet by Misses Louise Grubb and Elsie Lutz, well played, pleased the guests, and Mrs. Mit Phillips, who is always heard with enjoyment, sang a selection very sweetly. Delicious refreshments were served by the hostess, Mrs. Wilcox.

Pipe Organ Recital

That the organ recital in which Alan A. Revill, organist of the First Congregational church, will be introduced to the general public tomorrow night, Tuesday, June 28, at 8 o'clock, will be of high character is shown by the program arranged by Mr. Revill and published below. Mr. Revill has already produced an excellent impression on the musicians of this city as well as the public generally, by his playing at the Congregational church, and many will be eager to hear him in a more liberal and miscellaneous program. He will be assisted by Mrs. Ella I. Fife, soprano, and Clifford Johnston, basso.

The splendid organ on which Mr. Revill will play has already become established in the affections of Santa Ana people, and to those who have not heard it, there remains decided treat. The program for the recital follows:

(a) Prelude and Fugue with minor J. S. Bach; (b) Air der Dauphin (J. T. Best).

Contemplation (Edwin H. Lemare). Soprano Solo (a) "Hast Thou Ever Seen the Land?" from Mignon (Ambrose Thomas); (b) "For Love of You" (Frank Seymour Hastings)—Mrs. Ella I. Fife.

"Last Rose of Summer," organ variations (Dudley Buck).

(a) Overture to Lohengrin (Homer N. Bartlett); (b) Triumphal March (Sir Michael Costa).

Bass Solo (a) "Angel's Lullaby" (Mrs. Harriet Burlingham); (b) "Until You Came" (Metcalfe)—Clifford Johnston.

Standchen (Schubert-Liszt). Hallelujah Chorus (Handel).

Eight Birthday

Mrs. O. B. Alderman, at her home, 202 East First street, entertained today in honor of her little grandson, Max Measham's 8th birthday. About thirty of Max's little friends were at the party to enjoy the games and other interesting amusements on the lawn.

Mrs. S. A. Bengre, Max's mother, came down from Los Angeles to attend the party and will return home

Tuesday, accompanied by Max, who will spend his vacation in the city.

Birthday Party

Saturday afternoon Mrs. Porter C. Edmonds, 210 South Sycamore, gave a pretty little party in honor of her son, Francis's, fifth birthday. At 2:30 the young guests, twenty in number, were escorted to a matinee at the Temple Theater, where seats had been reserved for them. After the matinee they went to Francis's home, where they played until 5 o'clock. At that time refreshments were served, the chief attraction being a birthday cake, trimmed with tiny red rose buds that held five tiny tapers, which was cut first by little Francis himself. Soon after the youngsters departed, wishing Francis many more happy birthdays. Those on the invited list were William Mateer, Violet Alberta Post, Evelyn Trickey, Anna Grace McElree, Helen Trickey, Clara and Dorothy Duggan, Doris Wheaton, Jack Harmon, C. Lester Horton, Little Wallace, Clover Johnston, Mildred Whitson, Lawrence Sauer, Decima Hayes, Ethel Hayes.

Woman's League Meeting

It is hoped that no one will forget the American Woman's League meeting at the city hall tonight at 7:30.

Swanson-McCarty

Miss Marie McCarty and Dr. Chas. Swanson were married yesterday afternoon at 3:30 o'clock at the residence of the bride's parents, Mr. and Mrs. J. H. McCarty, at San Juan Capistrano. Rev. Chas. H. De Wolfe, a retired Baptist clergyman, pronounced the ring ceremony.

In the parlor, decorated in pink and green, and standing under an arch of fern and pink roses, the young couple took upon themselves the vows of matrimony. The bride was gowned in white silk made en traine, and carried a shower bouquet of lilies of the valley and maiden hair fern, tied with tulle. She was attended by her sister, Mrs. Leroy Cook of Del Mar, as matron of honor.

Delicious refreshments were served, the dining room being beautified with Shasta daisies. Following this the bridal couple left for a brief honeymoon trip, going presumably to the beaches.

Mrs. Swanson is well known in Santa Ana, having formerly studied music here with Misses Roper and Gardner. She studied music in the Cincinnati Conservatory of Music for one year. Dr. Swanson is in the employ of the government. A home will be established in Los Angeles for the present, but later Dr. and Mrs. Swanson will go East.

Besides the parents, brother and sister of the bride, there were present the following out of town guests: Mrs. De Wolfe, Miss Grace Congdon and Mrs. Mary Shrewsbury of Santa Ana, Miss Edith Culter, El Modena, and Mrs. Myrtle Timmons of Los Angeles. Other guests were Mr. and Mrs. Zimmerman and daughter Margaret, Mr. and Mrs. Bert Stephenson, Mr. and Mrs. O. B. Cooke, Mrs. Danerl, Mrs. Leony Cooke; Misses Agla Danerl and Frances Jaurequi; Messrs. John and Luigi Danerl, Henry Stewart of Capistrano.

TO HAVE SILVER CUP TOURNAMENT ON JULY FOURTH

The Santiago Golf Club will have a silver cup handicap tournament at its links on July 4, the score for two turns around the course to count. About a dozen entries have been taken for the tournament. The club has held one successful tournament since it was reorganized a few weeks ago.

Mrs. Strube of Madison, Wisconsin, and Miss Lucile Labrie of Los Angeles were weekend guests of Mrs. Geo. Balderston, at 401 East Fifth street. Mrs. Balderston returned Saturday, after a week's absence, accompanied by her guests.

Messrs. and Mesdames H. D. Cornell, J. W. Tubbs, H. T. Rutherford, F. C. Remsberg and Joseph Parsons made a run in automobiles yesterday to Camp Baldy and return. The running time to the camp was about three and a half hours. The party started from here at 4 o'clock, and breakfasted at Pomona.

Hugh Keoch, son of Mr. and Mrs. E. Keech, starts today for Cincinnati, where he will enter the University of Cincinnati for a five-year course in electrical engineering. The work of the department is half in classes and half in industrial shops.

Yesterday in a party starting East were Mrs. Livesey and four children, Mrs. Mary E. Ball, Mrs. Addie H. Chapman and child, Miss Helen Anderson and Miss Edna Beatty.

ENCINAS-POYOMA — Benjamin M. Encinas, aged 27, and Nevas Poyoma, aged 24, both of Los Angeles, Ohio, and others to Boston.

Mr. Chas. F. Smith, a prominent member of McGregor, Texas, with Mrs. Smith is touring California, Oregon and Washington in his auto. Mr. and Mrs. Smith will spend ten days with Mr. and Mrs. J. R. Smith, 1608 North Main street. The visitors are already delighted with Orange county.

Mrs. Goldie Collins, who was formerly connected with the Register mechanical department, but who is now with the San Francisco Examiner, spent today in Santa Ana, visiting friends. She is spending a week or two in Southern California during her vacation.

C. E. Parker made a trip to the city this morning.

Miss Mary Shrewsbury returned yesterday from San Juan Capistrano, where she attended the Swanson-McCarty wedding.

Daniel Hunt, wife and four children, arrived Saturday night for a visit at the home of Mrs. Hunt's parents, Mr. and Mrs. A. H. Lacy. Mr. Hunt owns a department store at Tulsa, Okla. He will be here about three weeks, the remainder of the family until September. Mrs. Bert Taylor of Los Angeles, sister of Mrs. Hunt, visited here yesterday.

Dr. Mabel Vance spent today in the city.

Fred Mansur was a passenger to Los Angeles on an early morning car.

Mrs. J. W. Whitson and her two sons came down by automobile from Ontario yesterday and spent the day at the home of Mrs. W. F. McClintock.

Mr. and Mrs. Walter Congdon and Mr. and Mrs. John Spencer were at Newport Beach yesterday.

TUSTIN LOST GAME BY 10 TO 9 SCORE

There was a ball game yesterday afternoon at Hawley's Park and the contesting teams were Olive and Tustin, the former winning out by the score of 10 to 9.

West for Tustin pitched a good game but the miserable support of his teammates at critical times gave the Olive men their scores. He allowed 8 hits and fanned ten. Kuechel pitching for Olive was in good form up until the seventh when the Tustin boys began to find him and brought their score up to nine in the last three innings, making the last part of the game very exciting.

In the last inning the Tustin fellows went right after the Olive slabster but could not get more than one run, losing by the score of 10 to 9.

The players were: Olive—Barnes, 2b, Watson cf, Valencia ss, Mendoza 3b, Gerkin c, Bortz of, Henrich 1b, Heart rf, Kuechel p, Struck bf. Tustin—Leck 1b, Keiser rf, Deardorff cf, Cox c, Graves ss, Collar 2b, West p, Waller lf, Holdeman 3b.

BEST GRADE OF SULPHUR FOR BLEACHING FRUIT

Be careful what grade of SULPHUR you buy for bleaching your fruit. Any kind of sulphur won't do. If your dried fruit is to bring the best price in the market it is of the utmost importance that it be bleached evenly and well. It takes Good Sulphur to do this. It takes a sulphur that ignites quickly and burns freely, evenly and completely thus liberating the greatest possible amount of sulphurous acid gas. If your sulphur does not burn readily and goes out or burns too slowly you will find that the fruit on the lower trays will be in all probability overbleached while the fruit on the upper trays will not be bleached enough and your dried fruit will not grade evenly and bring the best price. Take our advice—don't experiment with an unknown grade of sulphur. The Sulphur we sell has been tested repeatedly and does all that we say good sulphur should do. It meets every requirement and we will sell it to you for as low a price as inferior grades have been quoted. Come in and get a sample.

EBELL HAD LAST MEETING OF YEAR

Heard Reports From Sections

—Club House Fund—Song Recital by Visitors

Ebell Club of Santa Ana Valley held its closing business meeting of the season last Saturday. After routine business had been transacted, reports from the treasurer and secretary and from the various sections of the Ebell were heard. A satisfactory showing was made in every department. One new department, the Parliamentary Section, was organized with Mrs. I. D. Mills as president. In Mrs. Mills' report concerning it, she outlined the object and progress of this section.

Mrs. E. M. Nealey, president of the Ebell, spoke on the general condition of the society and among other important information, announced that not only was the site for the club house paid for, but that there was already money in the clubhouse building fund.

She praised the spirit and activity of the society and voiced the hope and expectation that these would be maintained in the future.

Mrs. W. L. Tubbs, retiring curator of the Ebell made felicitous address in which she thanked the society for past honors and for its unvarying courtesies.

Following the business session a song recital was given with Mrs. Grace Widney Mabee, soprano, as the vocalist, and Mrs. Fred Bacon Reynard as

ASSOCIATION OFFERS ITS EARLY DRIED APRICOTS AT MINIMUM PRICE 11 CENTS

The board of directors of the Orange County Dried Fruit Association met at the Chamber of Commerce rooms Saturday at 2 p.m., to act upon the fixing of a minimum price for dried fruit. The matter was very thoroughly discussed, and the resolution below was the outcome of the deliberations:

"Resolved, That the board of directors hereby place upon the market the dried apricots of those of our members who wish to sell early at a minimum of 10 cents per pound, until notice is given of a change in price."

"That the work done by the association is appreciated outside of Orange county is evident from a letter received by the secretary. The letter follows:

LOS ANGELES PRODUCE MARKET

Fruit shipments were heavy yesterday morning and a large supply was on hand at noon. Few changes were made in prices and nothing new was received. Cherry receipts were much larger than usual and quotations were lowered 1 cent on most of the stock. The cherry crop should be getting pretty well cleaned up within a few days, and the receipts of yesterday were not looked for.

Arrivals of apricots were somewhat lighter than usual, but prices were practically unchanged. Calls were fairly large and frequent and the fruit moved in good order. Black figs were more plentiful, and most of the stock was disposed of at 90 cents per crate.

Berries were unchanged and most were sold by noon. Cantaloupes moved well, with prices the same as the previous day. String beans were rather scarce and most of the sales were at 4 cents per pound.

Eggs were firm and a quantity of local casecounts were sold at half a cent above the quotation price. Eastern fresh were offered at 22½, but no calls were made at that price. Arrivals, 253 cases.

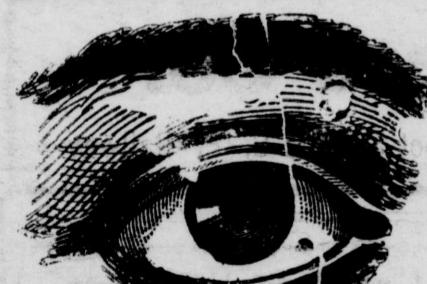

Butter receipts were 16,713 pounds. The market was unchanged in prices and tone. California creamery, both extras and firsts were very firm and held above quotations.

A quantity of Limberger cheese was sold at 1½ cents under current price. Northern fresh and Edam were offered, with the only calls for the northern stock. Arrivals in cheese were 5729 pounds.

Potatoes were quiet and unchanged. Receipts were 271 sacks. The only onion activity was in Bermudas. No onion arrivals were reported by train and those that came in were sent by wagon.

Fish receipts were fairly large, but by noon most varieties were getting scarce.

HUSKY SCORE SOX ON TOP

Santa Ana Defeated Covina in Second Game for Southern California Championship

(By Sunny Jim)

Santa Ana yesterday defeated Covina in the second game of the series for the Southern California championship. It was an up hill pull for the locals after Tompkins had been pounded for ten runs in the first three innings. Teek was called in from right field to do the mound duty and he held the would-be champs safe except in one inning. In the fourth and fifth the locals landed on Hatch and scored enough runs to tie the score, and added five more in the last two frames, the final score being 15 to 13. Walbridge starred in the field and with the wagon tongue. Robinson, Angle, Tompkins and Johnson were responsible for many of the runs gathered by the Yellow Sox.

ADDITIONAL WEEK GIVEN

Assessor Has Until Second Monday in July to Turn Over Assessment Rolls

Assessor W. M. Scott has been granted an additional week in which to complete his assessment rolls and turn them over to the Board of Supervisors as a board of equalization. Notice of granting of the extension of a week was received today by County Clerk Williams from the State Board of Equalization. Instead of having to complete his assessment on July 5 the assessor has to and including July 12.

This order also includes new dates for the meeting of the county board of equalization. Instead of meeting July 5 to 18, the board will meet July 13 to 30.

"SOME" APRICOTS ON THIS BRANCH

John Doerr exhibited a branch of apricots today which is certainly a wonder. It is from a Moorpark tree on his home place at 1918 North Broadway and contains 25 good-sized cots in a length of 7½ inches. The fruits hang as thick as it is possible for them to hang—practically a solid mass of fruit 5 or 6 inches in diameter and 7½ inches long.

Who can beat this exhibit?

SCATTERING FOR SUMMER

Where Members of Local High School Faculty Will Spend Vacation Months

With the Santa Ana High School commencement week ended and the school term closed, the members of the faculty are preparing for their summer vacations.

Principal W. A. Bartlett and his family will spend the summer visiting in Minnesota. Miss Leno E. Cooper expects to go to Nebraska. Miss Fannie M. Pendry to Detroit. Miss M. Elizabeth Wyant to Iowa.

Miss Lucy Youse will be at Palo Alto. H. O. Eggen at Hemet and M. A. Tucker at Los Angeles a part of the time. Miss Katherine Goetzinger goes to Los Angeles. Miss Gertrude Raymond to Orange, and Miss Elizabeth Phillips, office assistant, to Westminster.

Those who will remain in Santa Ana are Misses Joella F. Gowdy, Nellie Thompson, Allie Hallet Taylor, L. Mary Ross and W. H. Watkins. Mr. Watkins is to teach at Anaheim next year. C. A. Langworthy is to be principal at Redondo Beach next year.

FIVE PASSED BOARD EXES

Four Women and One Man Given Certificate to Teach in Grammar Grades

Five of the fourteen who took the examinations of the county school board were successful. Certificates to teach in the grammar grades of the county were issued to five, Robert B. McAuley of Anaheim; Augusta Jennings, Randolph; Mabel H. Waite, Los Angeles; Mrs. Miriam Sanford Porter, East Newport; Etta B. Snedeker, Los Angeles. Miss Jennings will teach at Randolph.

The school board recommended that the state board issue a life high school teaching diploma to Miss Bella Walker of Anaheim, and life grammar school diplomas to Misses Pauline and Laura Merritt of Santa Ana, and Mrs. Jessie Thompson Murphy of San Bernardino. R. Izer Turner was granted a special certificate to teach manual training.

Summer school grade work by individual instruction opens July 5. Rates low. Our certificate admits to High School. Enroll now and save a year.

MISS MEDLOCK WRITES OF HISTORICAL CITIES

Rome and Pompeii Traversed by Party From Santa Ana—Mrs. French Writes From Florence

The interesting letter given below from Miss Velda A. Medlock, who is traveling with the Medlock-French-Dawes-Cole party in Europe, will be read with pleasure by the readers of the Register, as will the later brief note by Mrs. French which follows the letter:

Grand Hotel Marini, Rome, Italy.
June 10, 1910.

The Register: We are at last in the "Eternal City" and it is our first long stop since we left home. We sailed from New York May 19th, on the R. M. L. "Carpathia" and had a safe and pleasant voyage. For ten days we saw no land and then we came upon the coast of Portugal. We stopped several hours at Gibraltar and at Genoa, and landed in Naples June 2nd.

This, the largest city in Italy, with its 550,000 inhabitants proved exceedingly interesting. From our window we looked directly out over the beautiful bay of Naples flanked on either side by the green of the hills. The favorite boulevard of society follows the curve of the bay at this point and each evening at 6 o'clock it was thronged with the carriages of the wealthy. But wealth in Naples seemed to be limited to very few, for the utmost poverty exists among the masses. Beggars met us at the steamer, they followed us for blocks, and dirt and foul odors filled all but the principal thoroughfares. Yet there was an indescribable charm, an almost Oriental picturesqueness about it all that made us loath to leave.

We visited Pompeii and walked over the streets which have been so long deserted. Only the ruins of the lower floor of the buildings remain and many of these are badly demolished, but we gained from them a much more vivid idea than we had ever had of the lives of the men of 1900 years ago, and we had a feeling very much akin to awe as we walked in the ruts worn by their chariot wheels. The traces of their art were perhaps the most interesting, and while most of them have been removed to the National Museum, where we saw them the next day, some still remain intact. There are a number of fine mosaics, and some mural paintings representing the life of the people. The civil and social life of the people seems to have been well organized, as evidenced

by their forums, baths and theaters.

In Rome, too, we were greatly interested by the ruins. We spent half a day in the Forum and Colosseum, reviewing some of the history for which the broken columns and ruined walls stand, and we drove far out on the Appian Way, visiting the catacombs there. I took one day for a trip to Tivoli, Hadrian's Villa, from which much of the sculpture which fills the museums has come, and the Villa d'Este, a sixteenth century villa owned by the Duke of Austria. We have visited the most important cathedrals and churches, St. Peter's, of course, heading the list. While some of the other churches and galleries contain some individual works of art which surpass in interest any found here, we could not refrain from returning here to marvel at its size, its dignity and beauty. The Pantheon seemed large, but it is scarcely larger than its dome, while in St. Peter's, with a dome of the same dimensions, the dome, at first view, seems but an unimportant part of the structure.

Yesterday we were shown through the King's palace, which was certainly a rare treat for us, and by special permission we gained entrance to the King's stables, saw his horses, harnesses, and all the carriages of state. This is a privilege not often granted, so we appreciated it very much.

Tomorrow we leave for Pisa, from where we go to Florence. Our party has proved most congenial throughout the trip, and with the exception of a few cases of "mal de mer," we have stood the trip well. We would be kindly remembered to our friends in Santa Ana. We only wish they might share our pleasures with us.

Yours sincerely,
VELDA A. MEDLOCK.

Brief Word From Mrs. French
Florence, Italy, June 12.

I am now in Florence and have visited the Pitti and Uffizi Galleries and have seen the works of the old masters. We were delighted with bright, lovely Naples, and greatly impressed with all we saw in Rome. St. Peter's, St. Paul's and St. John's Cathedrals are beyond description. We can hardly convey in a brief space our ideas of these ancient cities. How is it, with all these works of art, there is so much poverty?

prices of certain commodities with the seasons, but by enabling the wholesalers to buy and sell at the best possible advantage tended to advance prices.

Increased cost of distribution.
Industrial combination.

Organization of producers or of dealers.

Advertising.
Increased money supply.
Overcapitalization.

Higher standard of living.

The foregoing findings were gathered by measuring the prices of 257 commodities, included in the price index number of the bureau of labor. These commodities were grouped and the advances noted for the different groups during the period from 1900 to 1909, inclusive. The general wholesale price level in the United States advanced during that period 14.5. The groups show advances as follows:

Farm products, 39.8.

Food, etc., 19.7.

Lumber and building materials, 19.6.

Miscellaneous commodities, 14.7.

Clothes and clothing, 12.0.

Fuel and lighting, 6.9.

House furnishings, 5.3.

Metals and implements, 3.6.

A decline was shown for drugs and chemicals amounting to 2.9 per cent.

A comparison of meat prices in the United Kingdom and the United States shows that bacon in 1900 was 73.4 per cent higher in the United Kingdom than in the United States, and that in 1909 it was 31.5 per cent higher in the United Kingdom than in the United States.

Concerning retail prices, the report shows that in the United States

in the spring of 1908 they were at the highest point reached for many years.

Some few articles, such as coffee

and tea, were about the same price

in 1900, but practically no articles

of food were lower than in 1900.

Shoes and clothing were consider-

ably higher.
